New Time Change Hits W.H.!

Remember seventh hour running until 3:49? Did you have required US History or Accounting that time of day? We're back to 55 minute classes, and 5 minutes of passing time! That is more of a treat than the change of hour. We can now get to our lockers, use the restrooms, have a cigarette, stop by to see a teacher after class. The only problem is the change in attendance for the five clock hour day. Now upperclassmen must ....

The new press box.

Sign-In For Attendance In LRC

You wouldn't think that 25 minutes could cause such an uproar in the day, would you? To get the necessary state aid, the administration has to prove we are here for five clock hours daily. That's easy for frosh in study halls and sophs who are scheduled for the seven periods. What about us upperclassmen? We go to the LRC to sign in for the missing 25 minutes.

More heat, less light.

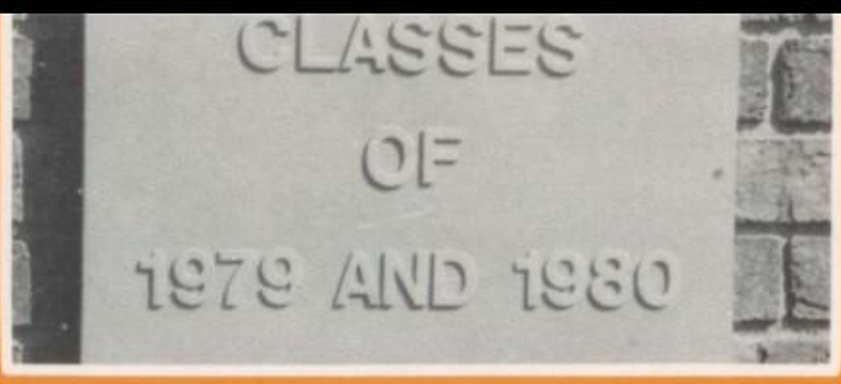
Energy Conservation

As a major effort to cut into the deficit of our budget, the School Board has tried to cut down on heat loss from the building's windows. The only problem is that the windows now cut out light, traffic on Putnam Street, and other distractions we used to look forward to during Consumer Education. The building is camouflaged from the outside to make the work look decorative. From the inside, it looks like a lot less windows.

Hostages in 305 and 230

We have our own hostage situation at WHS. The innocent victims are held daily by the hour in both 305 and 230. Hostages in 305, the frosh, have no idea why they are being held and are now working out a system of passes to escape their sentences provided some person of authority will take them. It's not as easy to escape 230, because your grades determine your sentence. Pass the courses and you can be on your way; flunk and they assign you to 230 for three hours weekly!

A view from 3rd floor.



Budget Cuts

In order to keep the budget somewhat in line, the bowling team was cut. The administration is also considering cuts in field hockey and gymnastics in the years to come. We already lost pep buses! We hope we graduate before things get too much worse!

New Glow to Gym Floors

The gym floors in both the new and old gymnasiums were refinished this year. And there are new seats in the auditorium. The tiers were torn out of RAP (finally) and a new floor put in there. Improvements were made in the press box near the football field. Boy, were these ever needed!

"No more tiers" in 412.

WOODCOHI begins new decade of

letters to editor

DEAR EDITOR:

Why is there no pop machine in the girls' locker room? The guys have one. Isn't this discrimination? We get thirsty, too, you know!

Signed,
Having a Pepsi Fit

Dear PEPSI FIT:

What makes you think you deserve one?

DEAR EDITOR:

The rule regarding being in the hall only the first fifteen minutes of the hour really stinks! How can I get to my locker and do all my running around in fifteen minutes? Last year you gave us run of the building for 45 minutes. What did we do to deserve this?

Signed,
Huffing and Puffing

DEAR EDITOR:

Those of us in the pit would also like more than 15 minutes. Besides, the clock in 218 is always wrong.

Signed,
Puffing and Huffing

DEAR HUFFING AND PUFFING's:

We like it this way. It's quieter and cleaner in the halls now. Pit crew, it's too cold outside to spend the hour.

DEAR EDITOR:

Why do you lock the Putnam Street door? Those of us coming in late from lunch cannot make it to classes!

Signed,
Lunch hour Group

DEAR LUNCH HOUR GROUP:

That's why.

DEAR EDITOR:

The rule regarding coming over to the side entrance by the pit during lunch hour is ludicrous. Why can't we come in the front door? We aren't servants, you know.

Signed,
Wanting to use the front door

DEAR FRONT DOOR:

It's easier to watch one door than all of those. Besides, it gets too drafty in the hallway when you keep opening the front doors.

DEAR EDITOR:

Why do I have to sign in in the LRC for 25 minutes of time? Did you know I can leave soon afterwards since nobody checks on me. Why do I have to play this game? Just tell the state I'm here.

Signed,
Too tired to be here at 7:45.

DEAR TIRED:

Because you are worth $$$$ to us.

'whether' report

I wonder "whether" or not ...
... I'll survive Consumer Ed.
... my classes will close at card pull.
... I'll get a locker on first floor next year.
... I'll get a blue slip from Mr. Hoagland's office.
... I'll get a date to Prom.
... the administration will let me go to prom.
... I'll stay out of RAP for another year.
... I'll be able to get Driver Education or have to wait until summer.

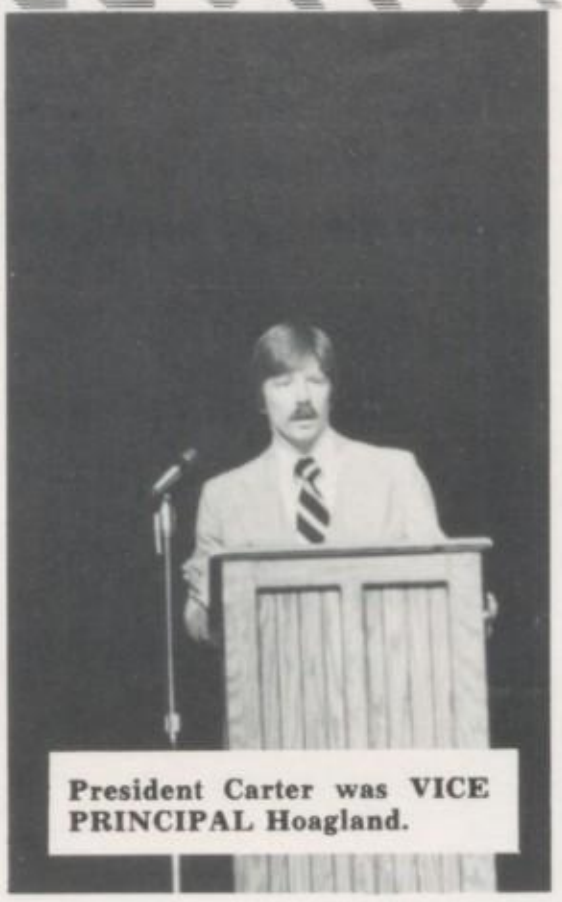
MOCK ELECTION

REAGAN WINS

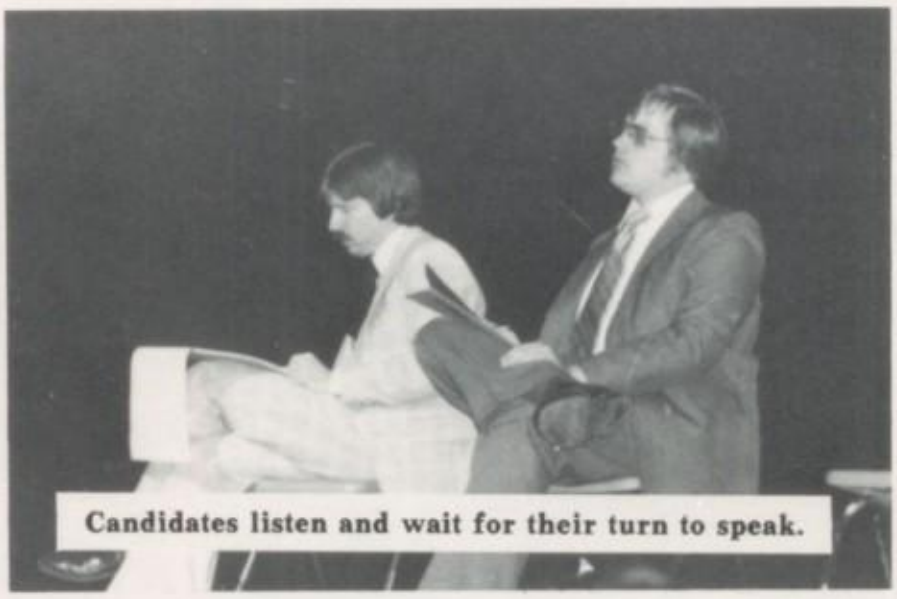
Mike Ferguson portrayed Ronald Reagan.



President Carter was VICE PRINCIPAL Hoagland.

Mark Misulonas as Ed Clark.

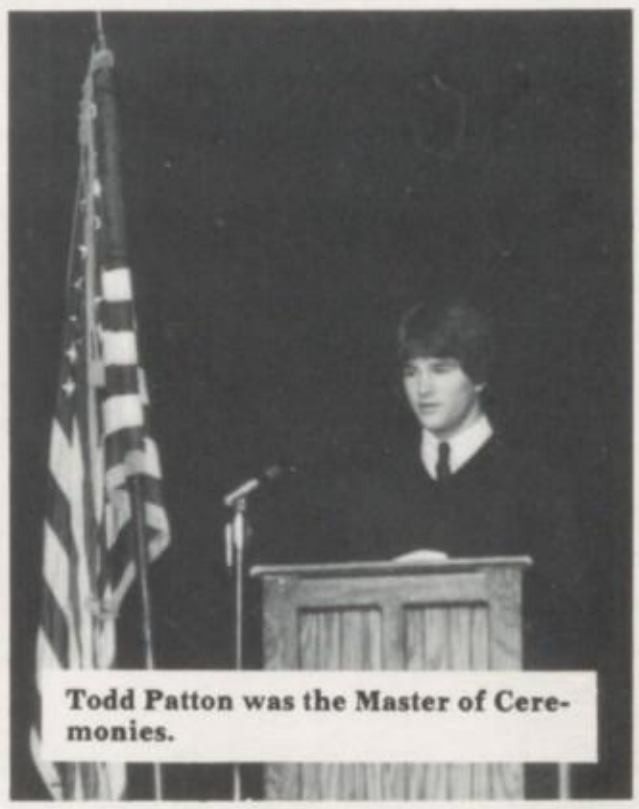
For John Anderson was Mike Diverde.



Candidates listen and wait for their turn to speak.

The election year for a President was also the year for a mock election. A debate was held in the auditorium on two different days. There the representatives for the various candidates expressed their views. A panel asked questions of each candidate. Senior Mike Ferguson, representing Ronald Reagan, won both the debates and the election for the students. President Carter was the winner in the faculty vote. An exercise in democracy was fun and educational.

Bonnie Beam was one of the questioners.



Todd Patton was the Master of Ceremonies.

The Theme for May Tribute, 1980, was "I Need You." Entertainment for this festivity was varied — singing, dancing, readings. A special dance was choreographed, showing a young girl maturing into an adult. The tribute to mothers was done by Julie Kuetemeyer and the reply, from her mother. Queen Linda Lundstrom was a popular choice for the parents and friends. Refreshments were served in the cafeteria following the ceremony.

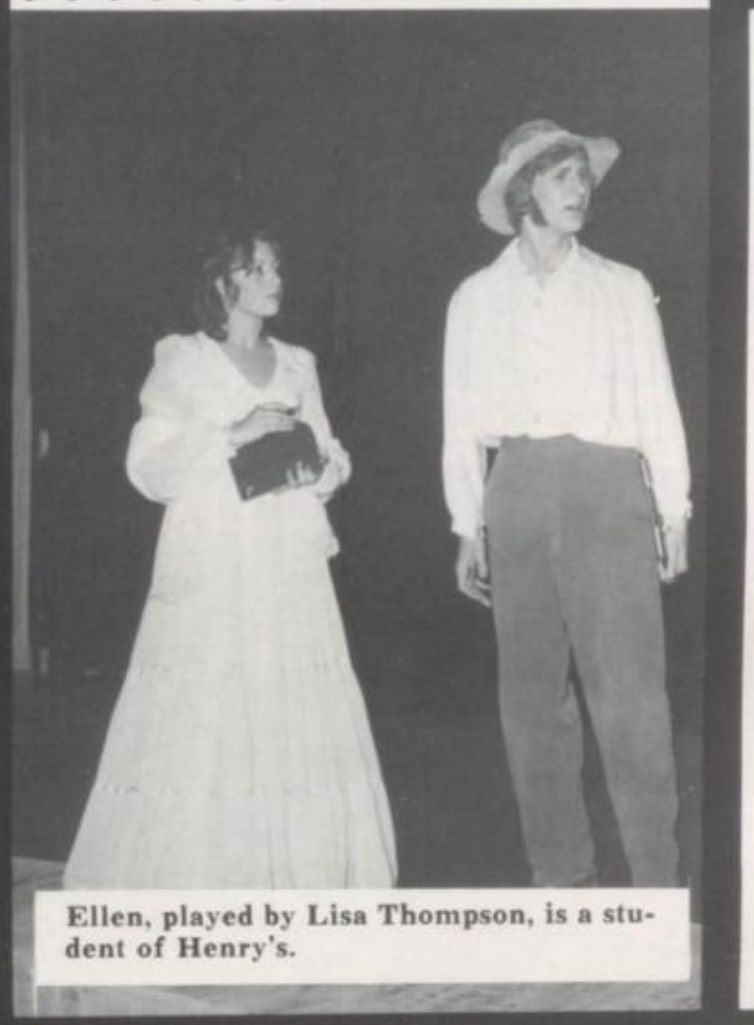
Sam tries to get Henry to pay his taxes.

Jim Martine, portraying John, and Greg Carr as Henry David Thoreau.

Henry and his brother John laugh as they reflect upon John's close call with marriage.



Ellen, played by Lisa Thompson, is a student of Henry's.

The final drama production of the 1980 school year was "The Night Thoreau-Spent in Jail," presented April 24-26. The play is about a Man, Henry David Thoreau, who went to jail because he wouldn't pay his taxes. During his sentence, he had flashbacks of his life as a teacher and with his brother, John. Director Tony Casalino was assisted by Student Director Jan Visconti.

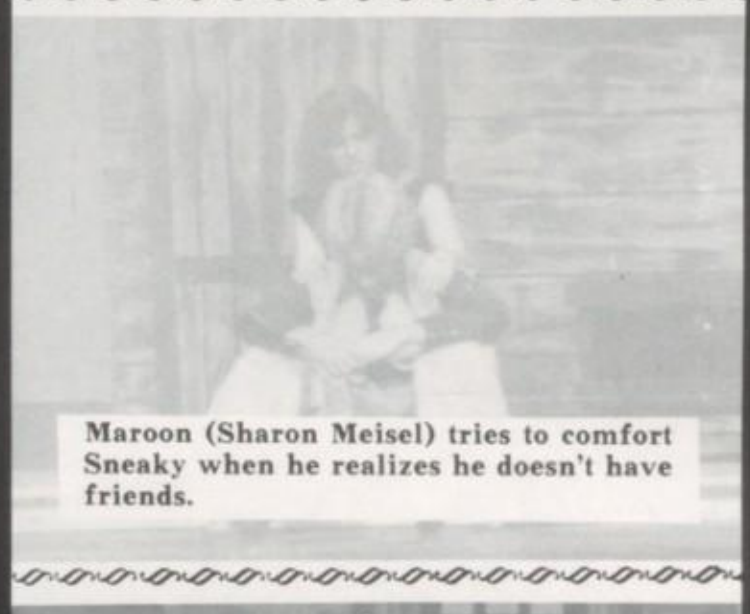
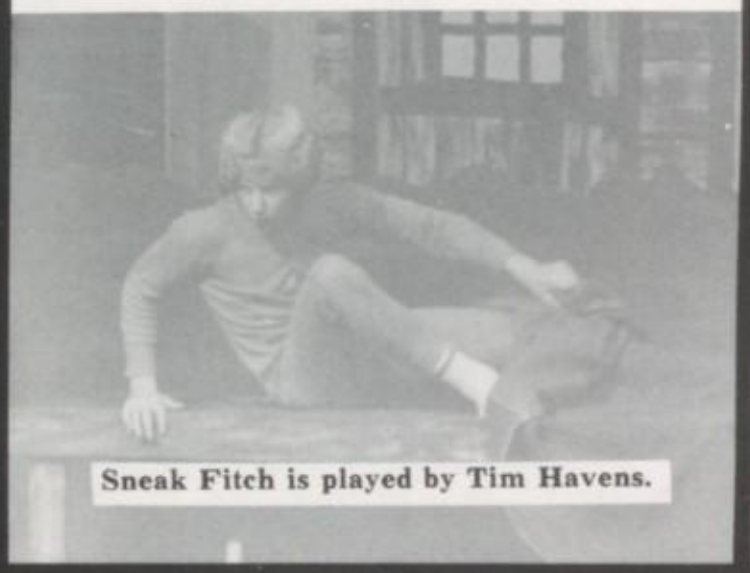
The cast of "The Life and Death of Sneaky Fitch."

Mrs. Blackwood (Vicky Carr) and Mrs. Vale (Chrys Teeter) realize something must be done about Sneaky!



Maroon (Sharon Meisel) tries to comfort Sneaky when he realizes he doesn't have friends.



Sneak Fitch is played by Tim Havens.

A spoof on the old West was the first play of this season in the newly renovated auditorium. Sneaky Fitch is introduced by a singer as the town bum who only causes trouble. After an illness that is to be fatal, the townspeople, thinking Sneaky is dead, have a funeral. But Sneaky rises from his coffin and the town thinks him immortal. He runs the town until Doc returns to tell all the truth. Maroon, the girl stolen from the Sheriff, kills Sneaky. Another funeral and square dance to really celebrate Sneaky's death!

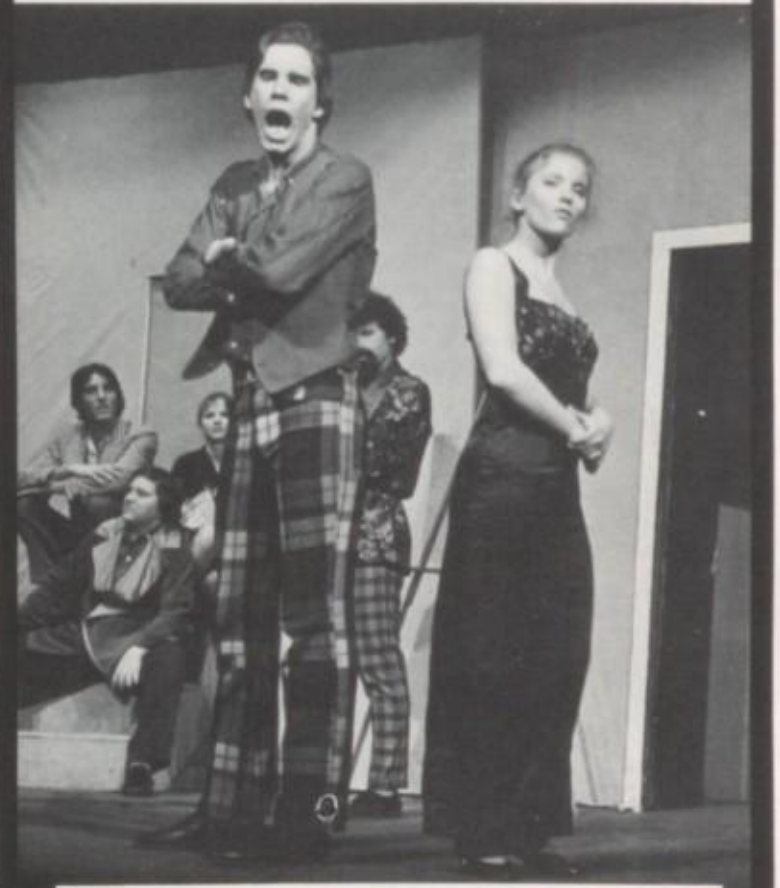
Judge Forestier is not allowed to enter into the Bal to see Pistache.

Customers look on as the Quadrille dance is performed.

Hilliare Jossac is played by Jeff Gibson.



Mark Misulonas catching flies as he sings!

Cole Porter's *Can Can,* takes place in France around the 1590's. To do the can can dance was against the law. Until Judge Forestier, who would not be bribed, came along, Pistache handled the police with bribery. Forestier realized he's falling in love with Pistache and helps her to get the law changed. Meanwhile, a love affair is taking place between Hilaire Jussac, a famous art critic, and Claudine. Boris, a poor artist and Claudine's boy friend, lets the affair continue as long as Jussac will help with his art. Once again, Casalino Student director Kim Vitellaro, with the help of Morgan, Pierce, and Ms. Callahan, pulled off a really successful musical.

field hockey

The field hockey team ended a fairly good season with a 5-4 record. Beating Crystal Lake Central three times (once in sectional play), Belvidere, and McHenry were the highlights of the season. They lost once to McHenry, Antioch, and Lake Forest. Dekalb became the victor in the sectional semifinals. Denise Graff was voted MVP by her teammates; Lisa Readel was voted MIP.

swimming

A slow season improved as it progressed with every short distance person dropping a minimum of 3.0 seconds and every distance people averaging an 8.0 drop. Nikki Payne set a new record in the 500 freestyle. The team is noted for its outstanding spirit, manners, and sportsmanship throughout the conference. Eight swimmers will be lost through graduation, but Coach Lewis hoped the Dolphins will bring in experienced replacements. The team season was 4-5.

Cross Country

This year's cross country team had an excellent season. Helen French, MVP, led the season by being undefeated in her races. Brenda Moan improved her overall placings to become MIP. Maureen Frey received the Steve Range award. This year's team won Conference, giving them a record of 28-0. They then went to districts and placed a strong second. This qualified them for state, where they placed 16th.

Despite many injuries, the gymnastics team fared well this season. K. Stokes, T. Mass, L. Piquette, and J. Arteese have all been noted for technique on the uneven parallel bars, the mat and the balance beam. Frosh Wendy Pohlman brought in a first in balance beam. Mary Anne Hecht place consistently in vaulting; Ellen Hooper in floor exercise. A new coach Gritzmacher should be congratulated.

Playing well and some outstanding performances by individual players were not enough for the girls' basketball team this year. Under the new leadership of Coach Kathy Callahan, Lisa Readel, Tracy Deneen, and Laurie Shulfer rebounded, scored and tried to put the Streaks out in front. But the season record of losses tells the story. The JV team did not fare much better, but did have more wins during this season. Outstanding performances were turned in by Kecia Knudsen, Kris Mass, and Kathy Macheroux. If spirit and determination were all that were needed, this team would have truly been winners!

The Woodstock Blue Streaks ended its season with a 5-11 record, losing in the quarterfinals of the regionals. Jodi Rasmussen was one of the outstanding players this season with a high batting average of 442 with 15 RBI's. Meg Leahy did an excellent job for her first time in left field. The last two years have seen Vicky Judson doing well as the team's pitcher. Shortstop for the past three years on Varsity has been Sue Wilcox. The team is losing many fine, experienced players through graduation. It remains to be seen if Coach Patton's team can move up and carry on such a fine tradition of winning softball.

MVP honors went to Polly Hecht, who set the school record in the 100m dash and the 800m relay. Polly also anchored the 400m relay team to a new county record. Sue Draffkorn, MIP, was the track team's #1 hurdler. Major contributions to this outstanding season were from such participants as Pam Propeck, Tammie Wilcox, Mary Anne Hecht, and Kathy Macheroux.

There could be nothing more exciting than visiting a foreign country. Experiences with the AFS gives students this privilege. Members from all over the world come to the United States for extended stays; our students can trave overseas or to other parts of the US for the same experience. The exchange of ideas and culture differences enrich both nations. But can you imagine coming to a totally new school in a totally unfamiliar country and living our teenage life? New advisors this year are Mr. and Mrs. Gardner, who have worked hard to help the club grow. Activities included a field trip to Chicago, a pot luck, a calendar sales, and a reception for the visitors.

-but fun...

The 1980 Woodcohi staff, composed of many juniors and seniors, came up with the newspaper format as a theme to the yearbook. Countless hours are spent in 413 trying to find the right photos, to write picture captions and heads that "MA" would accept, and to keep from being frustrated by deadlines and no information from coaches and advisors. But there are still some good times, some laughs, and a great feeling of accomplishment when we've made a deadline and end up with another potentially award-winning book!

The boys' tennis team placed second in Conference and 4th in districts. The team had a lot of help from Mike Rizzo, who was Conference champ. He placed 3rd in singles, and 8-0 record in Conference play, and 10-4 overall record. Greg Miller, another conference champ, was 1st in singles and had a 17-0 overall record. After the team lost its first meet, they continued onto a 9-3 record for the rest of the season. Such talent will be sorely missed next year.

Heckathorne, J. Friedel, J. Hansen, B. Downing. ROW 4: R. Johnson, K. Estes, M. Nelson, J. Terlikowski, D. Hahn.

The Varsity track had a great season. ITS overall record was 13-0 and 7-0 in the Fox Valley Conference. The Streaks finished first in Conference, County, and recorded their highest finish in District competition by placing fifth with 25 points. Other large meet competition outdoors was inconsistent due to injuries early in the season, but at full strength at WHS's invitational, the Streaks finished a strong second to Rolling Meadows. This has been one of the best seasons for the Streaks in many years.

12-1 record says it all!

Mike hustles for the finish.

ROW I: E. Odden, R. Fredricksen, K. Nordbrock, G. Gubbins, G. Garcia, K. Brown, P. Fritz. ROW 2: C. Poehlman, J. Brown, R. Cunningham, D. Schroeder, D. Perkins, D. Swanson. ROW 3: K. Bauman, K. Mick, G. Yonke, T. Halda, D. Johnson, D. Krause, J. Sankey.

The frosh-soph squad performed extremely well despite a small turnout. Kevin Mick played an outstanding role in many Streak victories, setting a new frosh-soph record in the 800m run. Jeff Brown, established a record for the pole vault, 12'6". Top Point earner was Mike Pace, with 212, followed by Rod Fredricksen at 192 and Kevin Nordbrock with 170 points. Seven sophs earned Varsity letters. The season ended on a 12-1 record.

The Varsity baseball team, under the coaching of Brucker, posted a 7-11 record. They were led by MVP Joe Leahey, pitcher with a 2.00 ERA and a 4-5 record. His batting average was .250; his fielding average was .952. MIP Greg Bruce improved his fielding and became a solid third baseman. The team came back after a slow 1-8 start to finish winning 6 of the nine ball games.

The frosh-soph country team squad had an above-average season. Their overall dual meet record was a 6-5 with a 7-1 conference record. This team will be a strong nucleus of the Varsity squad next year, to carry on the traditions on winning cross country teams under the leadership of coaches Lichtenheld and Thompson.

On your marks, get set, go!

The Varsity Cross Country did not do as well this year as they have in the past. This was the first year they have lost conference after seven straight championships. Rob Leanna became one of Woodstock's outstanding runners. He remained undefeated in individuals to be the only Varsity runner who qualified for State, placing 20th. The two other outstanding runners for the harriers were Phil Hackmann and Gary Yonke.

COACHES: Bob Bradshaw, Doug Harrod, Bud Swartout, Bob Johnson.

The game with CL South, an exciting overtime 36-35 victory helped the Streaks maintain their 11th straight Homecoming victory. A playoff berth was theirs, even after the loss to Cary Grove. Team records broken include most passing yardage, most total offensive yards, most total offense yards in a single game, most TD's passing. MVP honors went to Downing; Most Improved Lineman, Guy Busch; Most Improved Back, Kevin Hager. Krause achieved 8 individual records. Ritzert, Mohapp, and Beu also set individual records.

Bill Firnbach shoots the hoop.

A new coach added excitement and experiences for the squad. Coach Renkens came with new ideas, new plays, and a faster game than Woodstock was used to in the past. Many of the game were really exciting for the crowd with the Blue Streaks losing in the last seconds or even at the final bell. Defense, improved percentages of shooting, and a team spirit attitude helped the squad improve with a great victory over Rockford East as one of the highlights. We hope Coach Renkens stays to build on this exciting start.

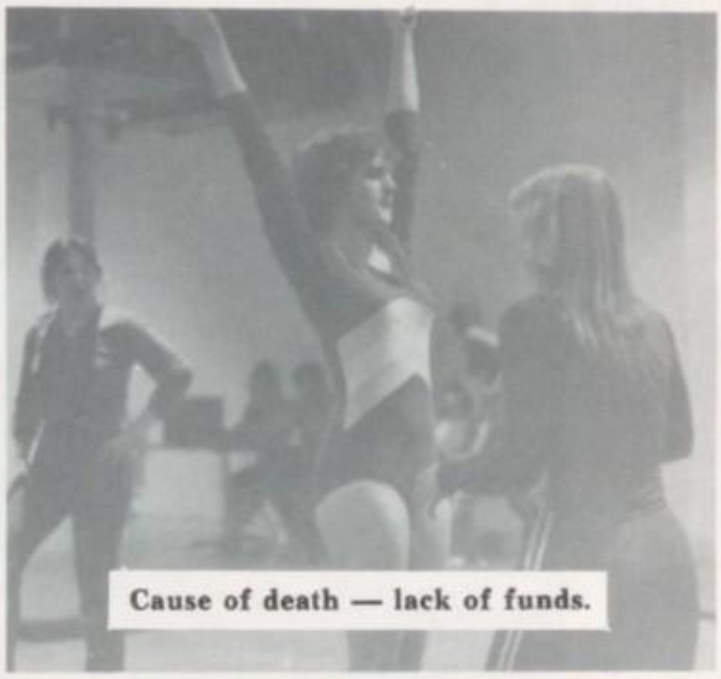
OBITUARIES

R.I.P.

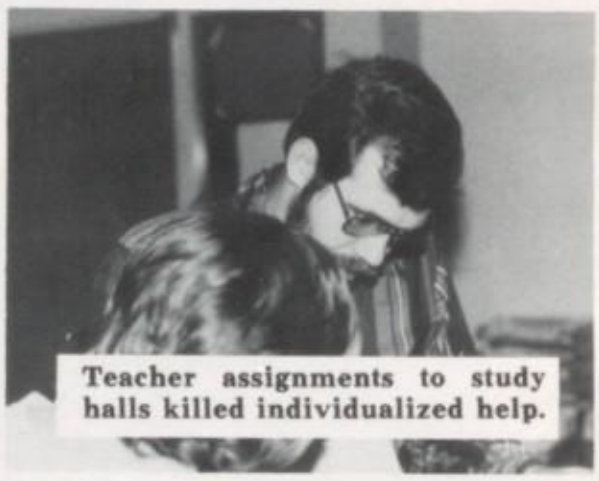
One last game . . .



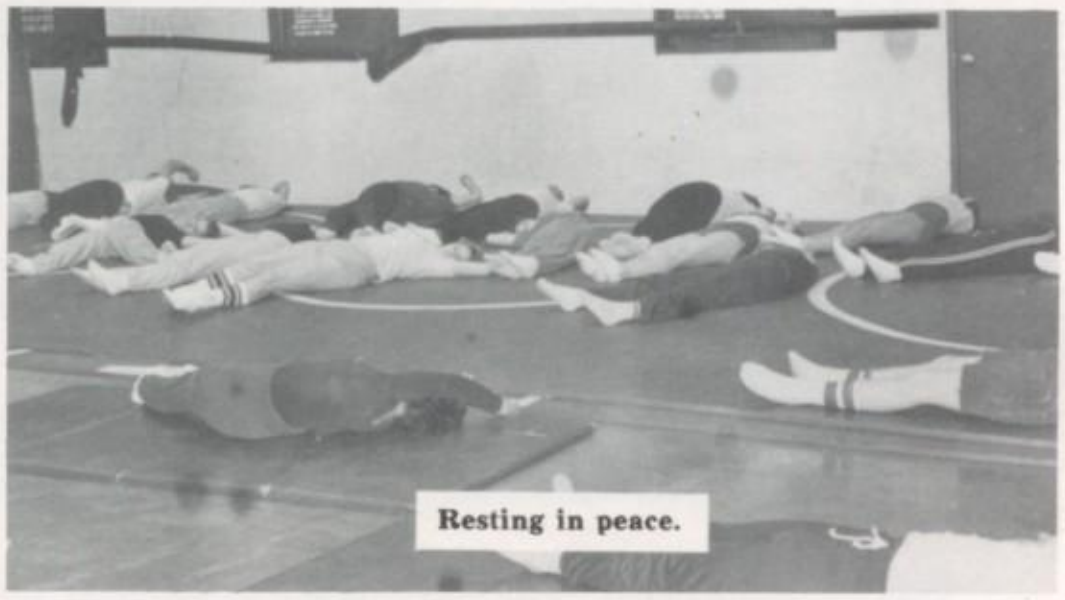
Cause of death — lack of funds.

Cause of death not lack of interest.

Loss of GIS mourned.



Teacher assignments to study halls killed individualized help.



Resting in peace.

Sunlight lost — energy concerns first.

Gone, like so many others . . . .

COMMONS COOKING

Daily Special: Super School

Take 1 Large School...

2 Cups Enthusiasm...

4 tsp. Crazy People...

Combine until friendly atmosphere greets visitor.

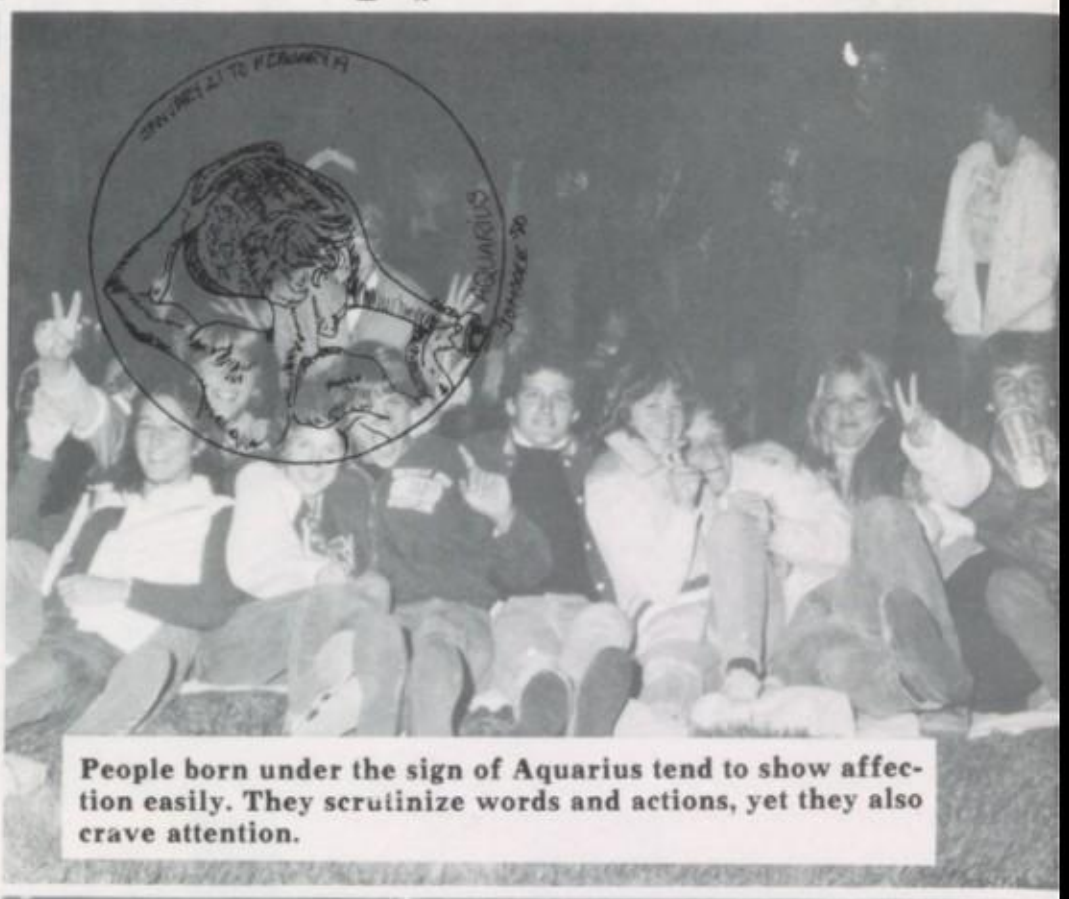
Various Spices ...

3 Cups Friendship ...

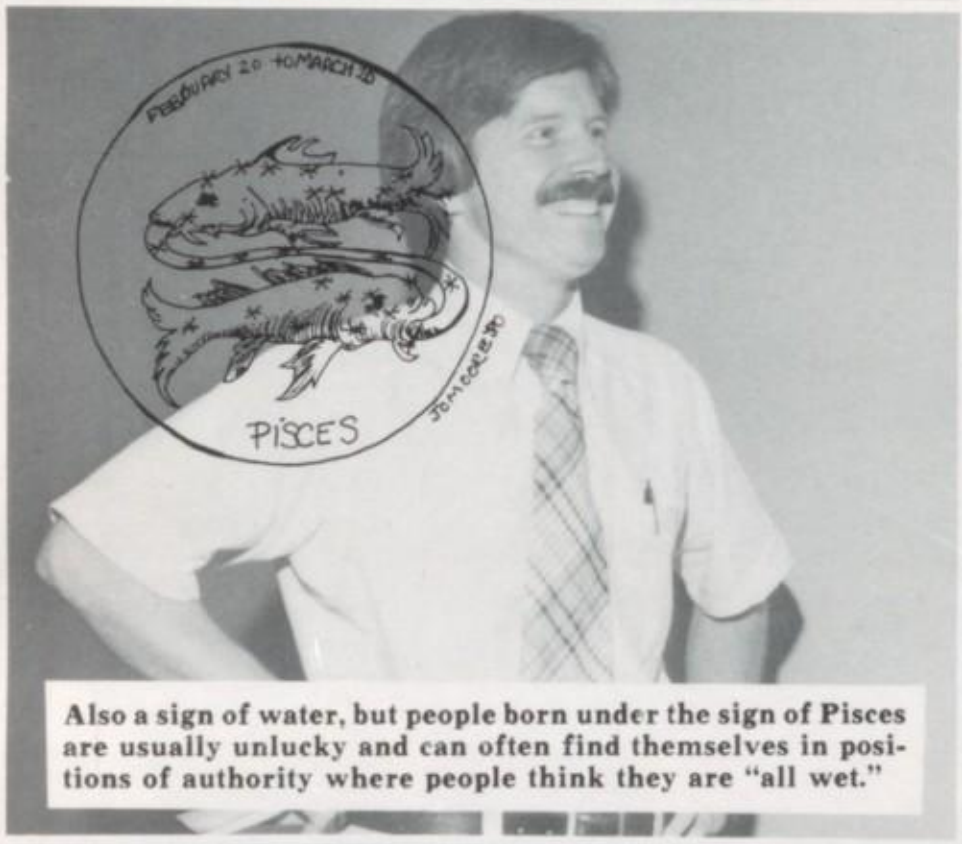
And a Pinch of Patriotism...

WHAT'S IN

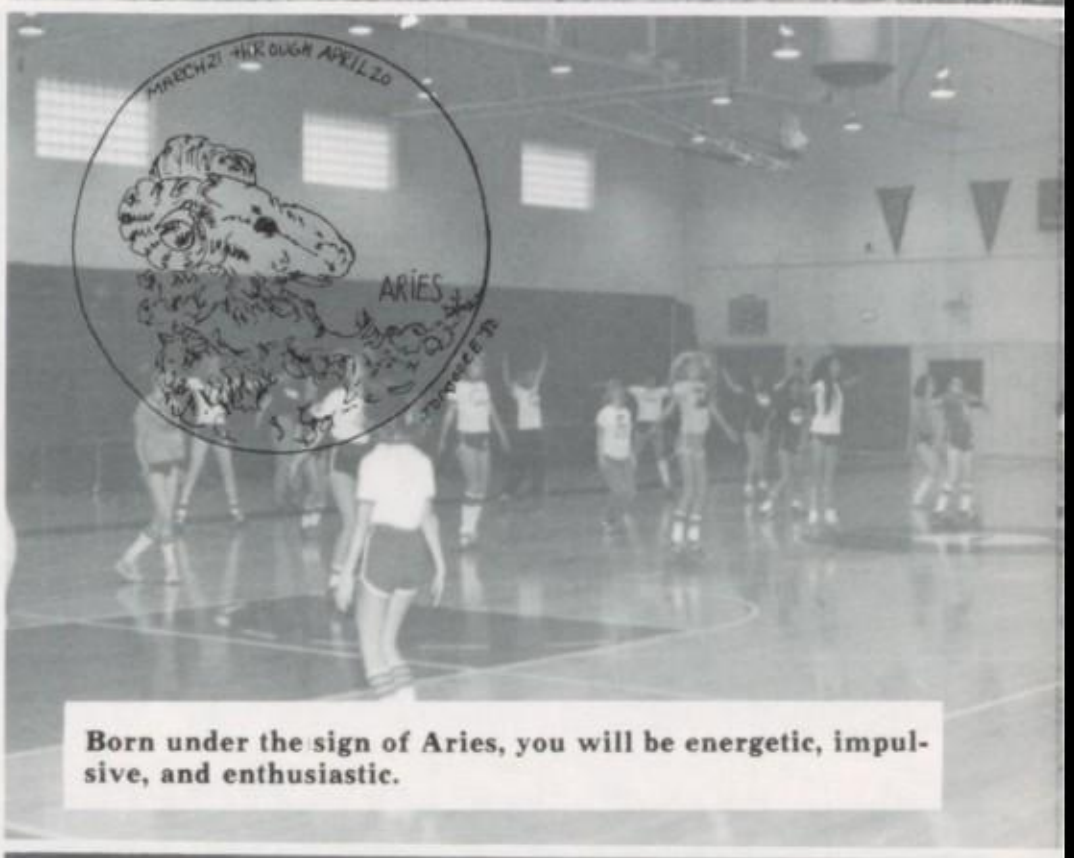
Under the sign of Capricorn, a person would make a good scientist; you would be ambitious and reserved.



People born under the sign of Aquarius tend to show affection easily. They scrutinize words and actions, yet they also crave attention.

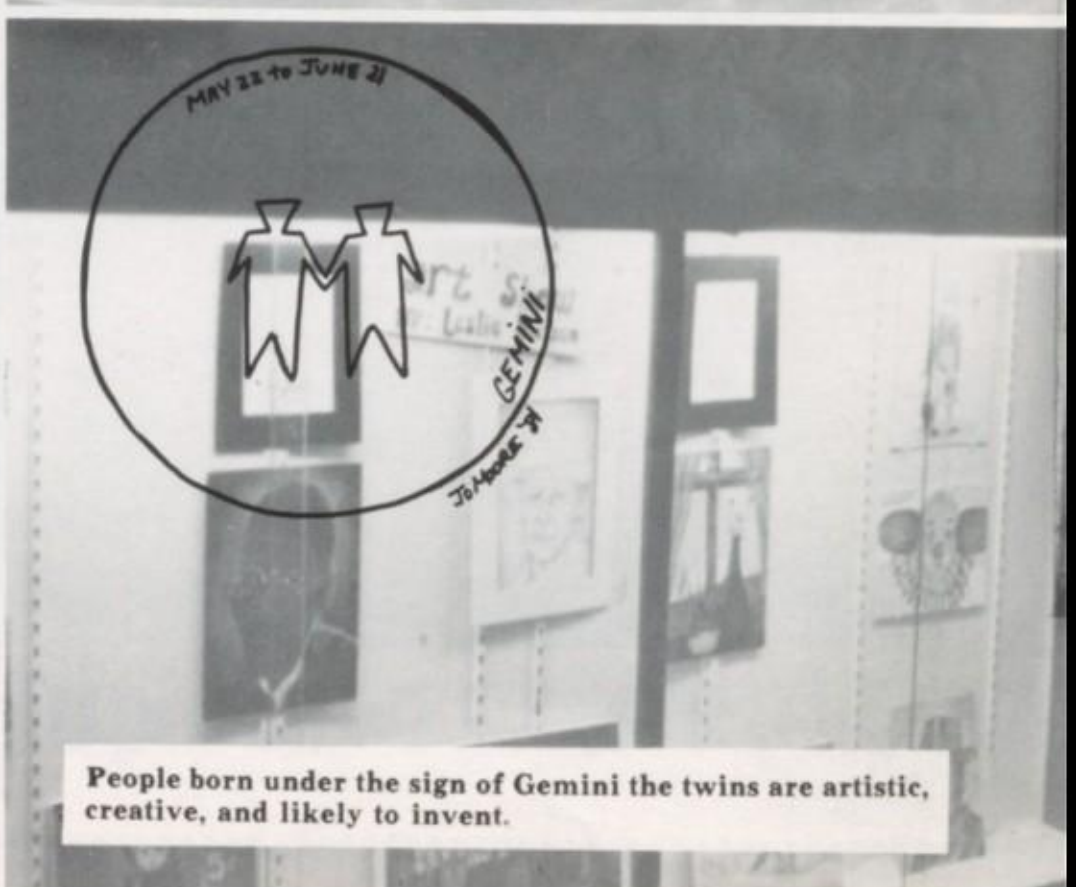


Also a sign of water, but people born under the sign of Pisces are usually unlucky and can often find themselves in positions of authority where people think they are "all wet."



Born under the sign of Aries, you will be energetic, impulsive, and enthusiastic.

Taurus the Bull people are good builders and producers with their hands.

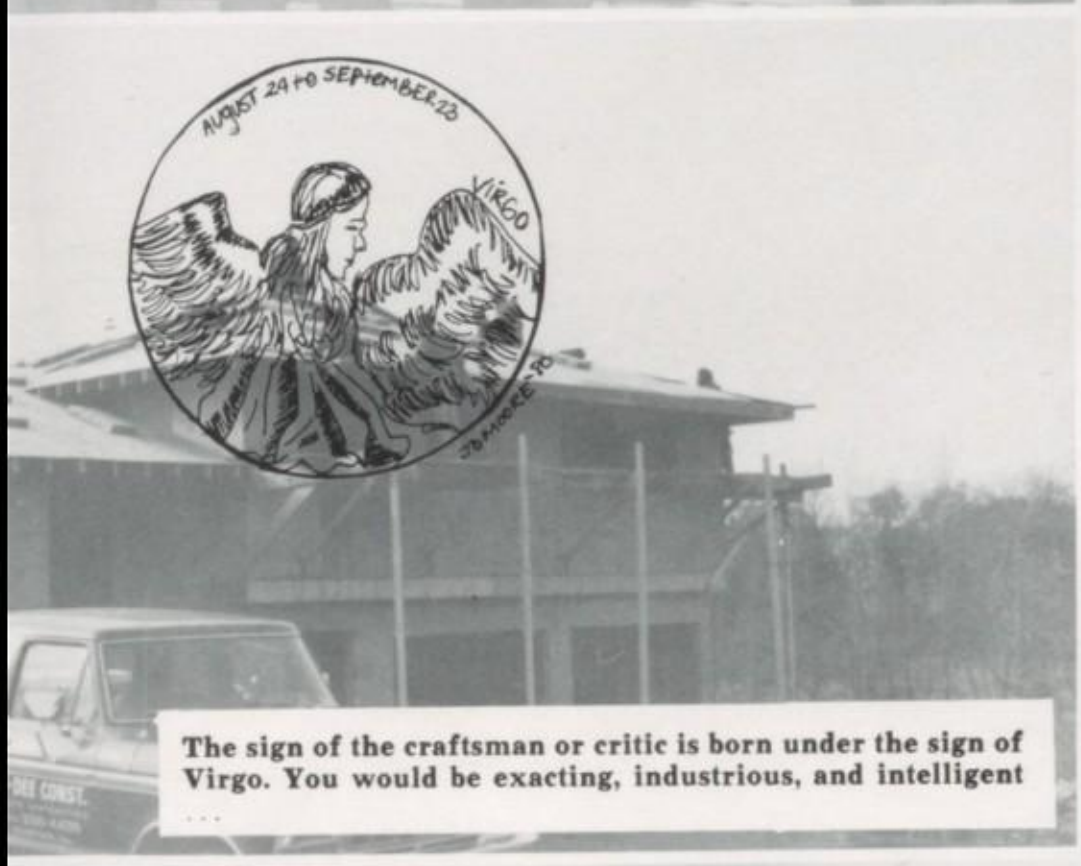


People born under the sign of Gemini the twins are artistic, creative, and likely to invent.

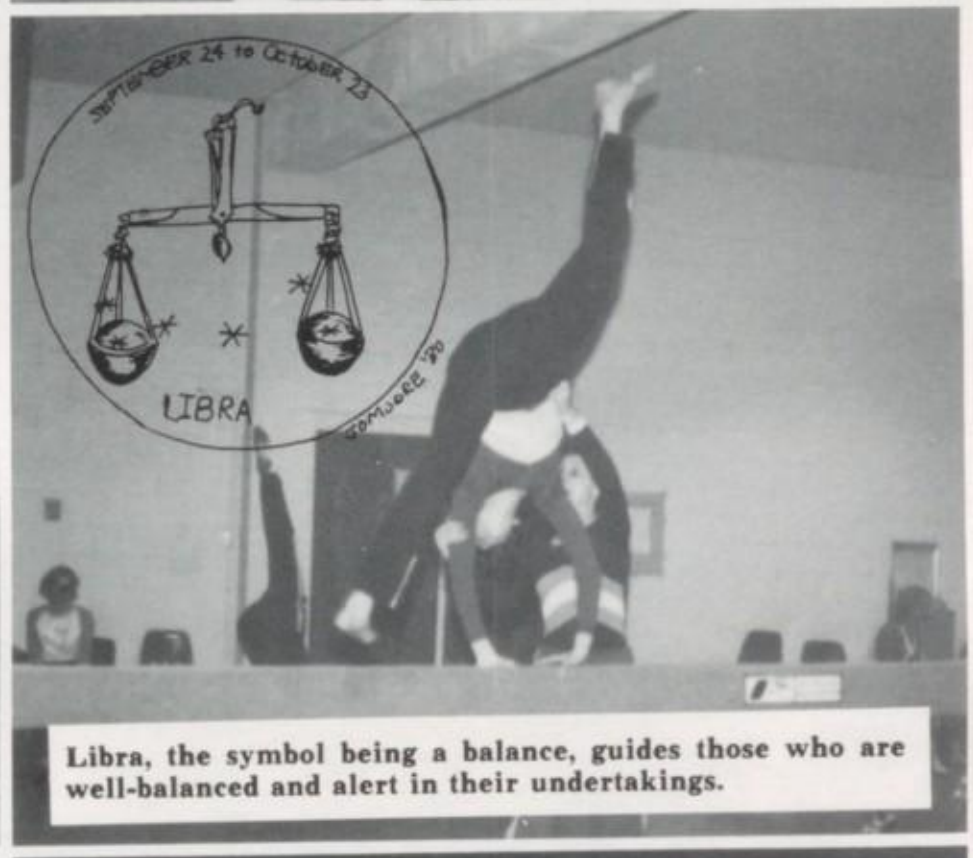
THE STARS

Born under the sign of Cancer, your future is that of a prophet or teacher. You would show patience, sensitivity, and be sympathetic to students.

Leo the Lion is the sign of the King or ruler. People at WHS who fit this category are in authoritative positions.



The sign of the craftsman or critic is born under the sign of Virgo. You would be exacting, industrious, and intelligent ...



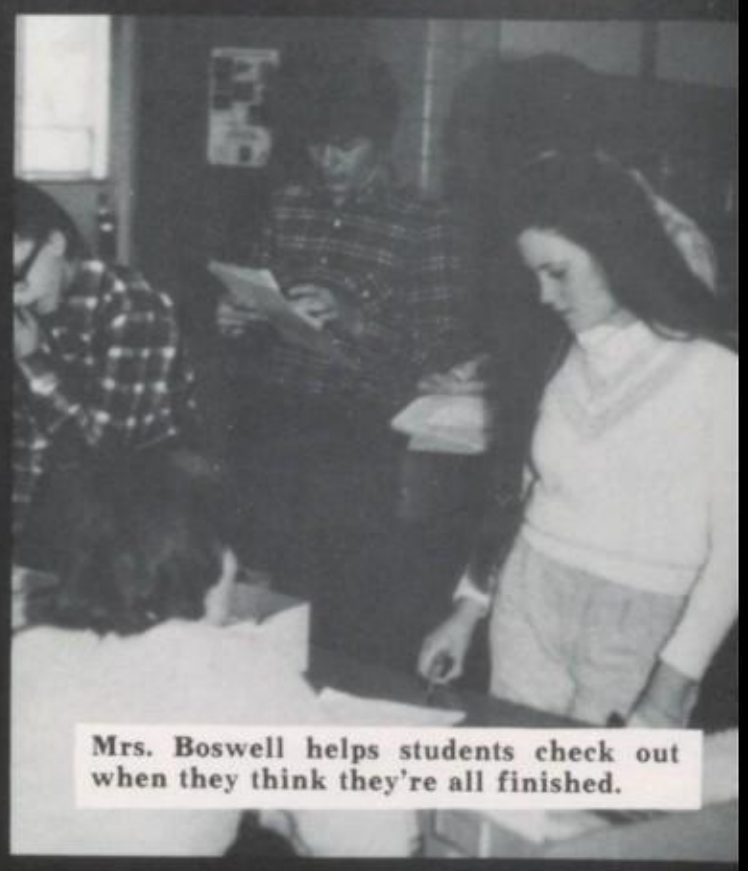
Libra, the symbol being a balance, guides those who are well-balanced and alert in their undertakings.

Under the sign of Scorpio, a person would show strong likes and dislikes but are passionate. Studying often falls into this category of doing things we don't like ...

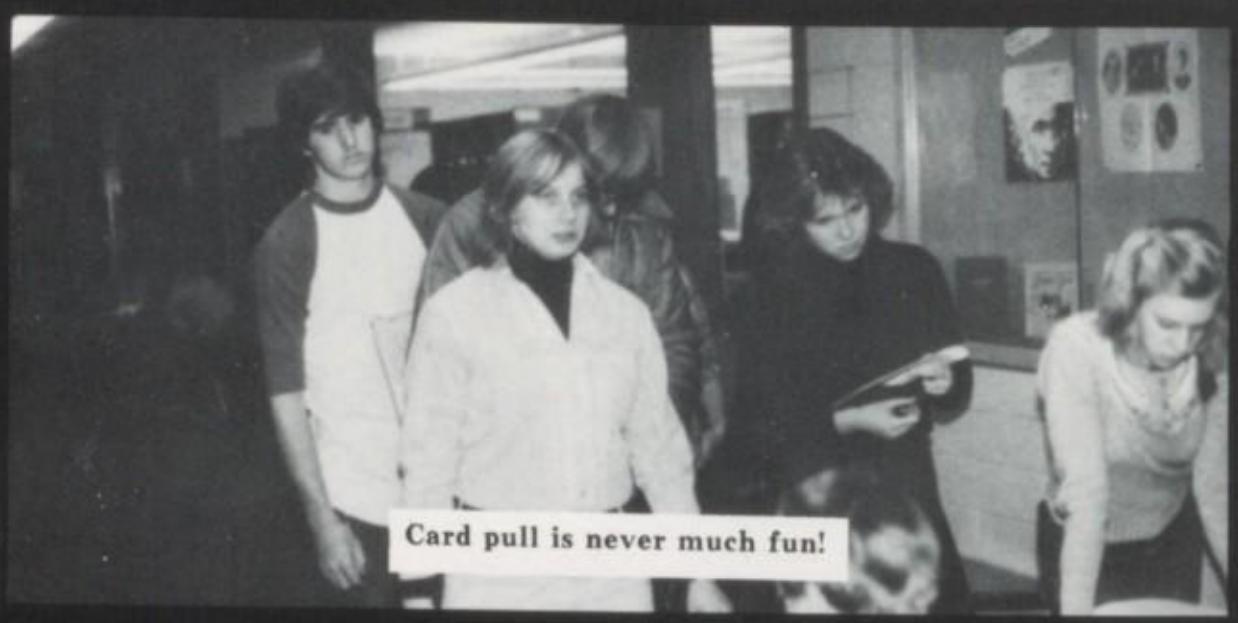
Born under the sign of Sagitarius, you would be a good counselor, nature-loving, sports-loving, curious, generous, and think Bio is WOW.

card pull ... again

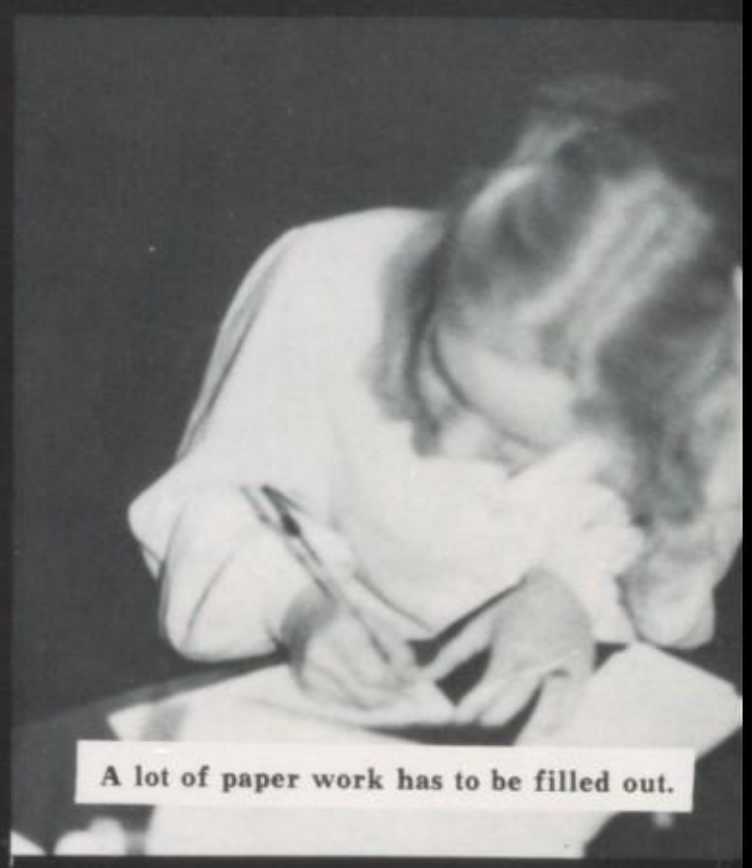
The English table always has a long line.



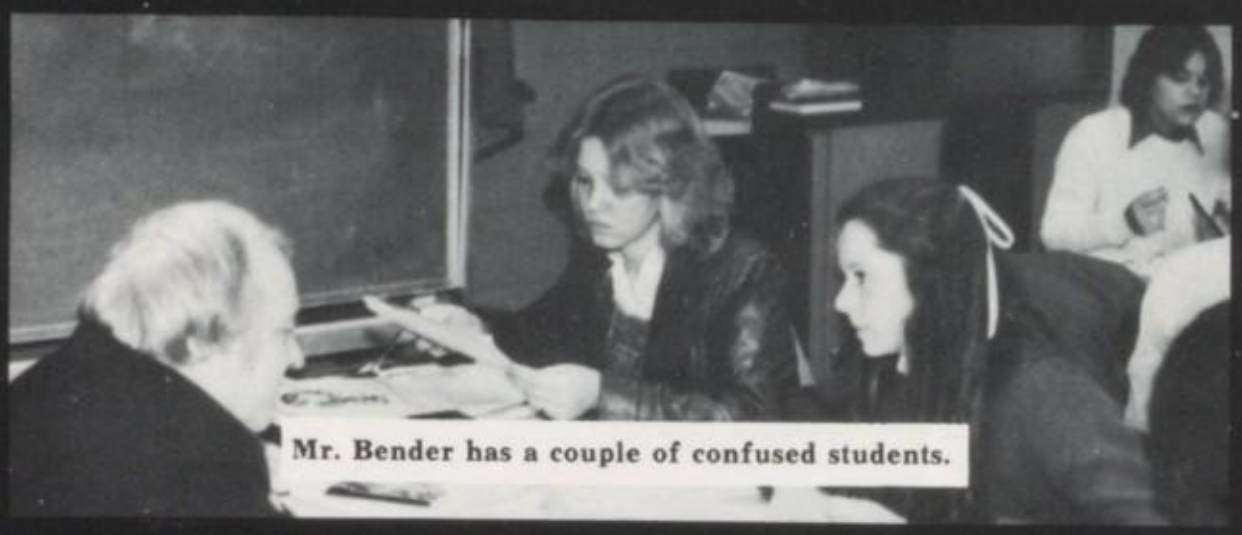
Mrs. Boswell helps students check out when they think they're all finished.



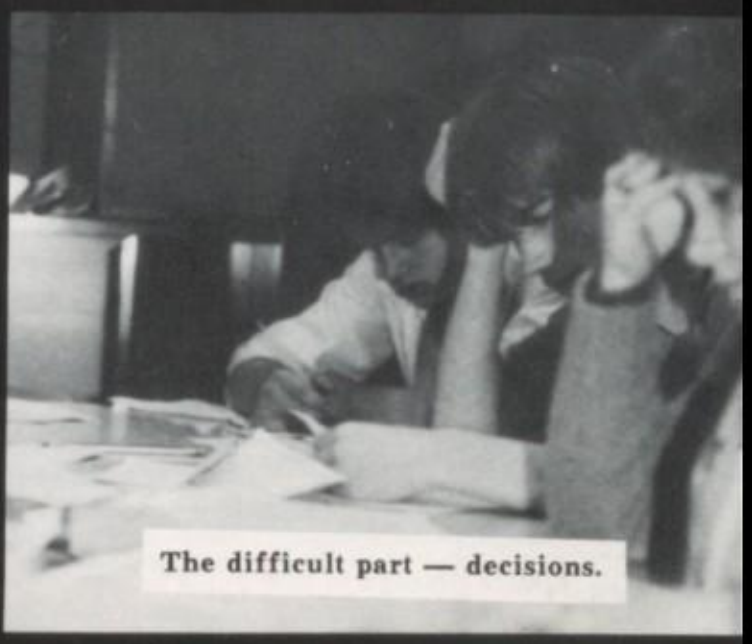
Card pull is never much fun!



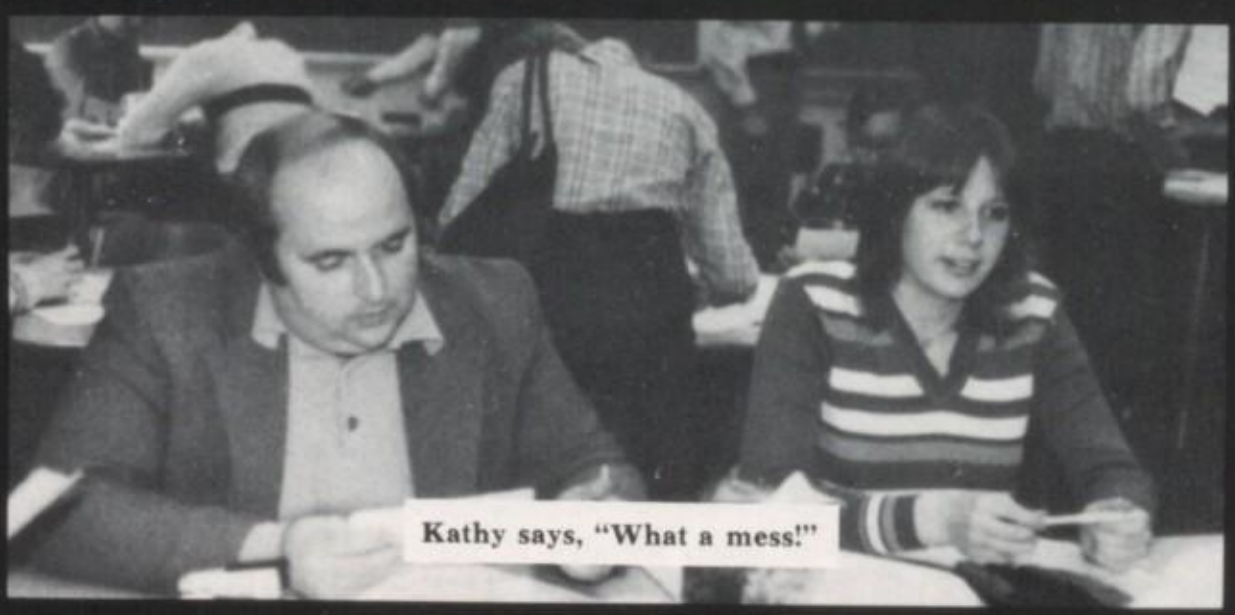
A lot of paper work has to be filled out.



Mr. Bender has a couple of confused students.

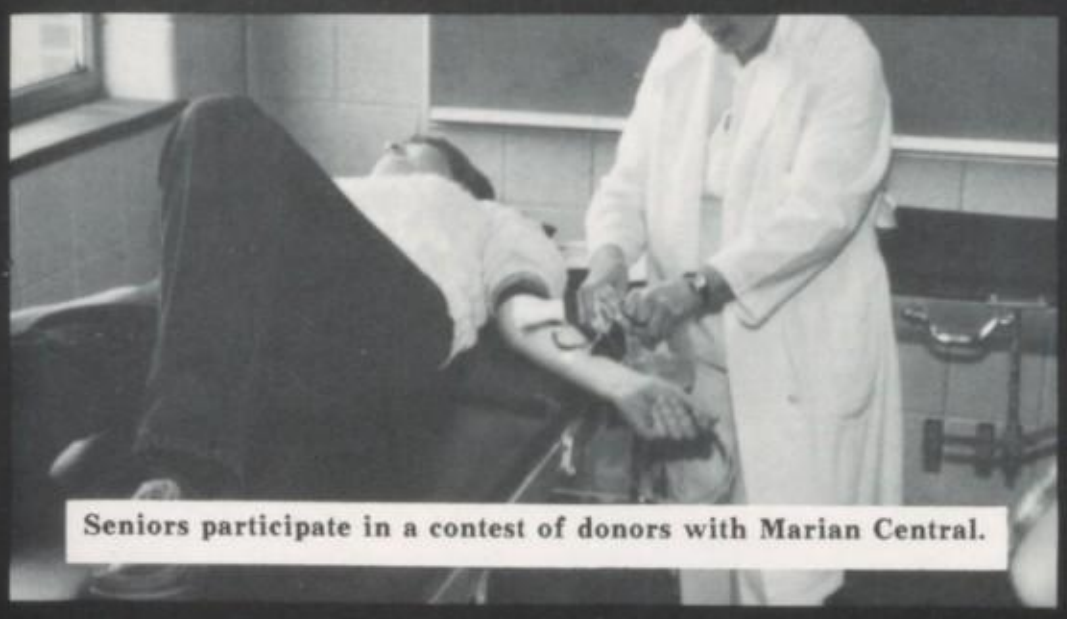


The difficult part — decisions.

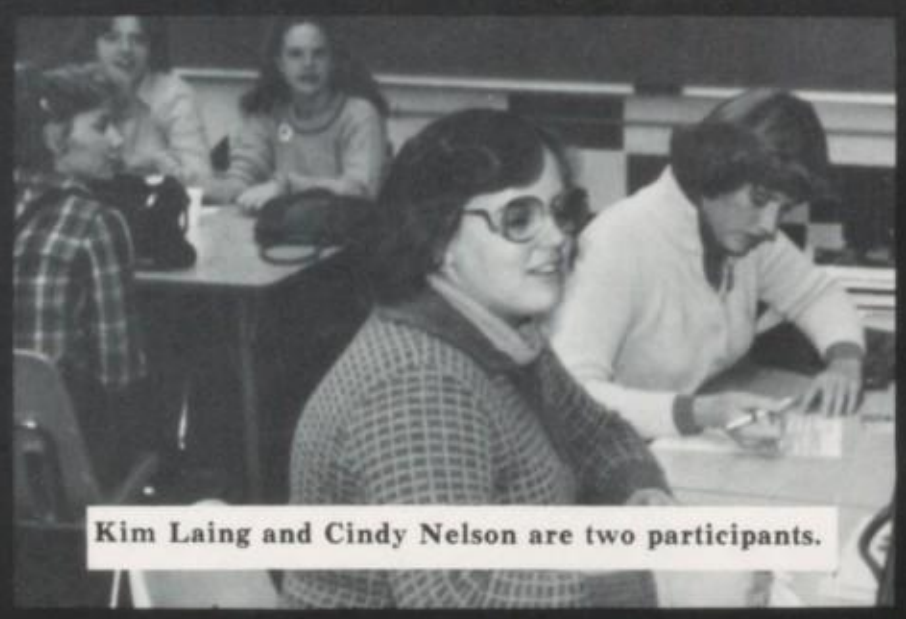


Kathy says, "What a mess!"

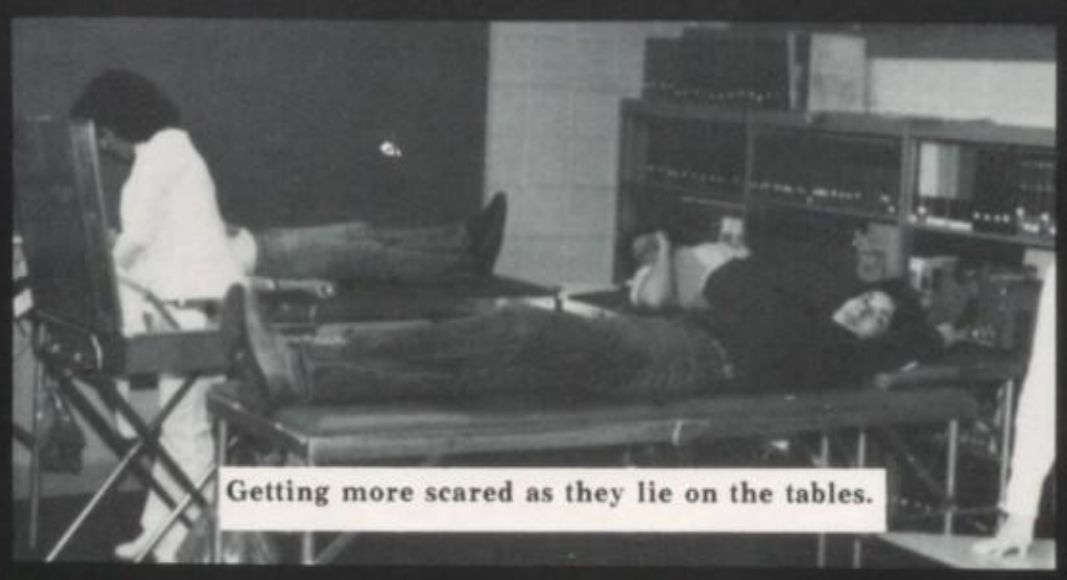
seniors participate in blood drive



Seniors participate in a contest of donors with Marian Central.

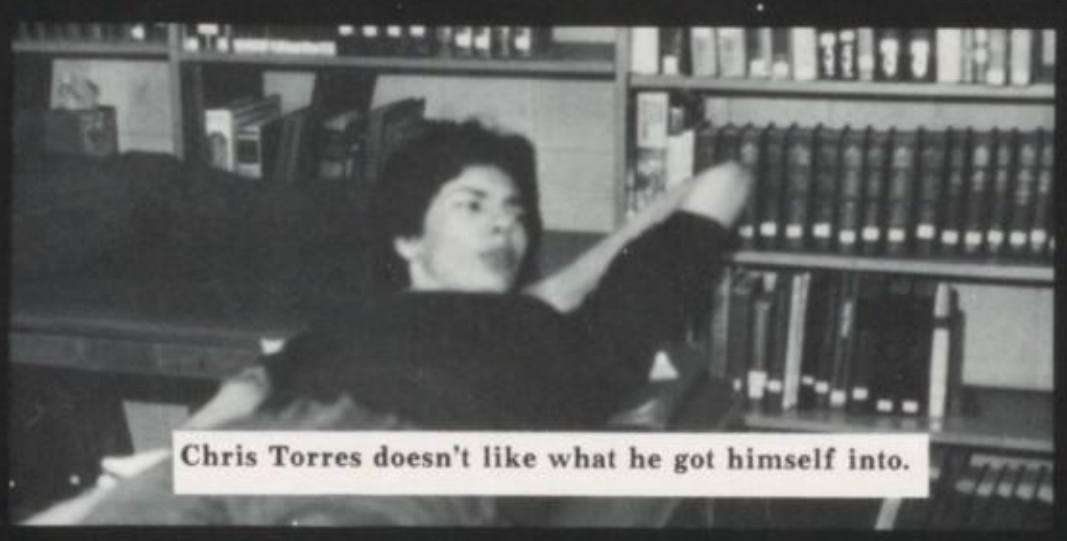


Kim Laing and Cindy Nelson are two participants.

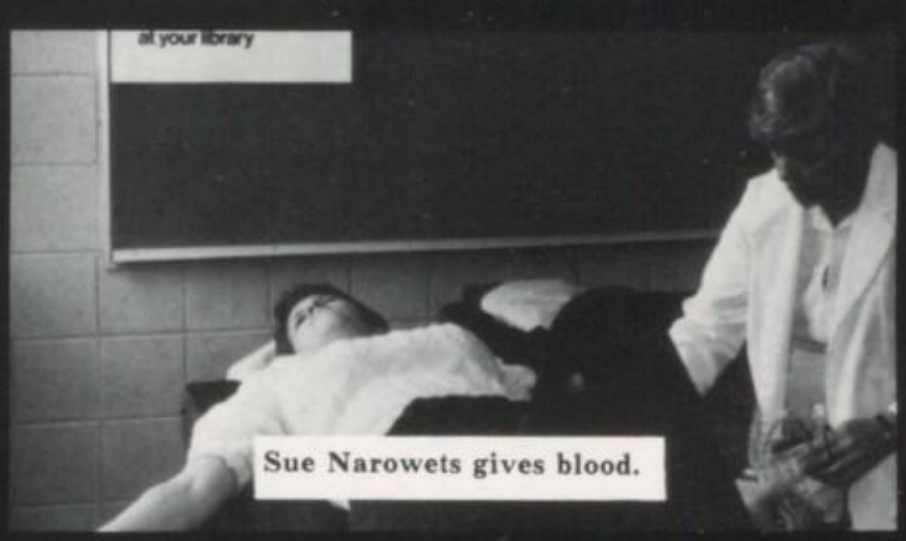


Getting more scared as they lie on the tables.

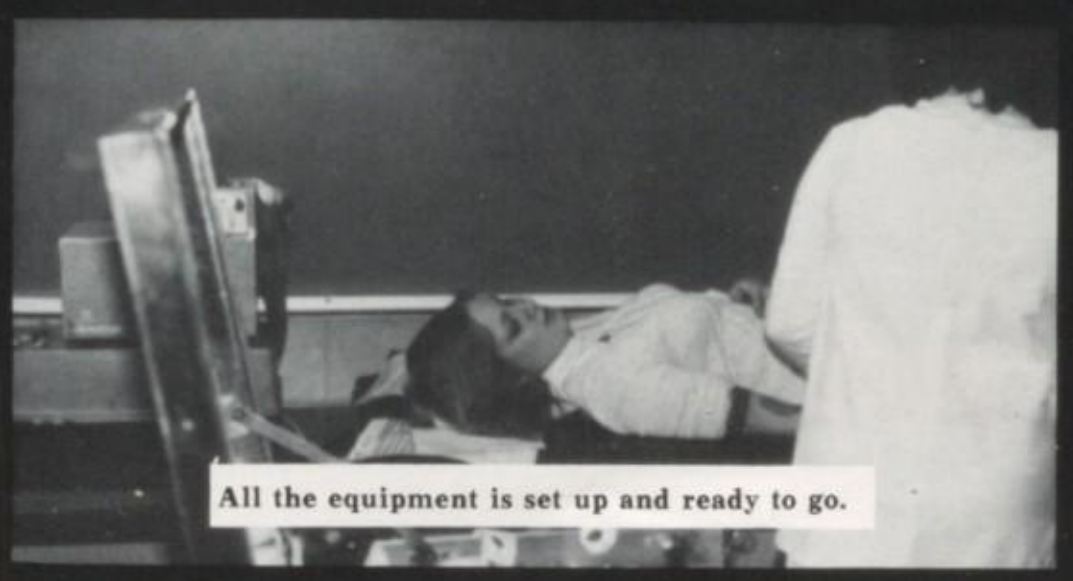
Scott Swanson is getting his blood tested.



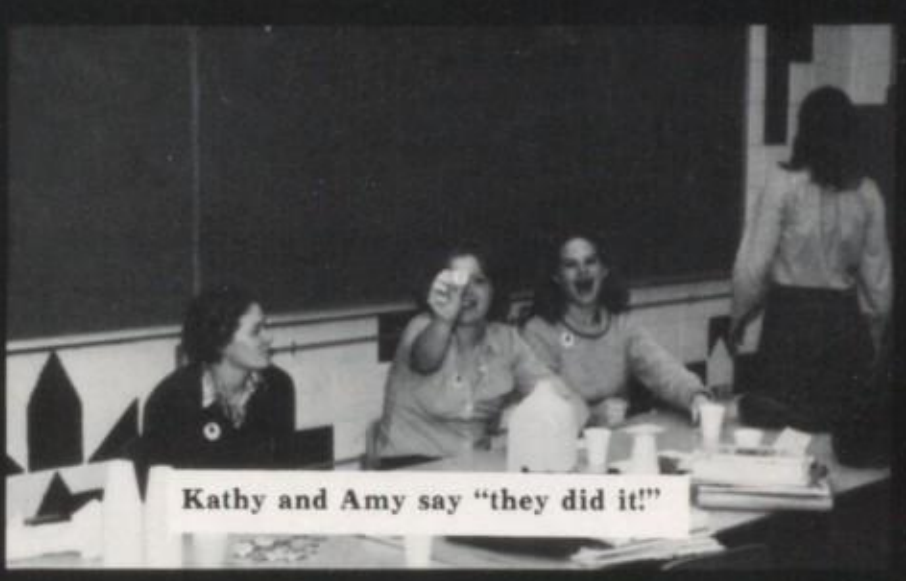
Chris Torres doesn't like what he got himself into.



Sue Narowets gives blood.



All the equipment is set up and ready to go.



Kathy and Amy say "they did it!"

SENIORS, Do You Remember...

... when the Class of '81 won the spirit jug?

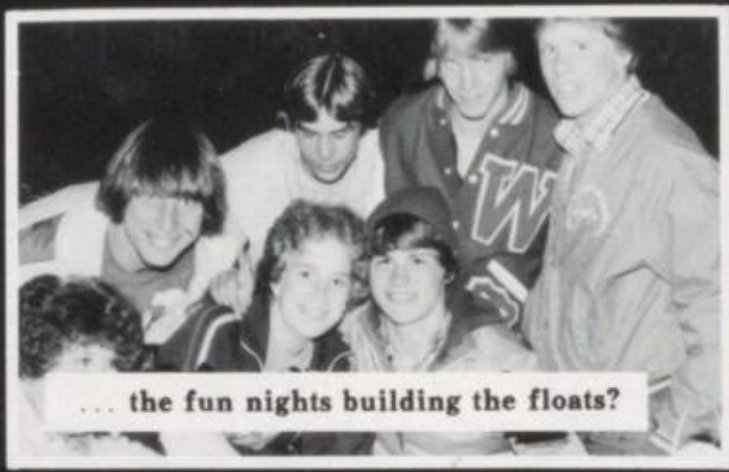
... when the Blue Streak Express rode through town?

... When Brad was Duddley Do-Right?

... when John took off his hat?

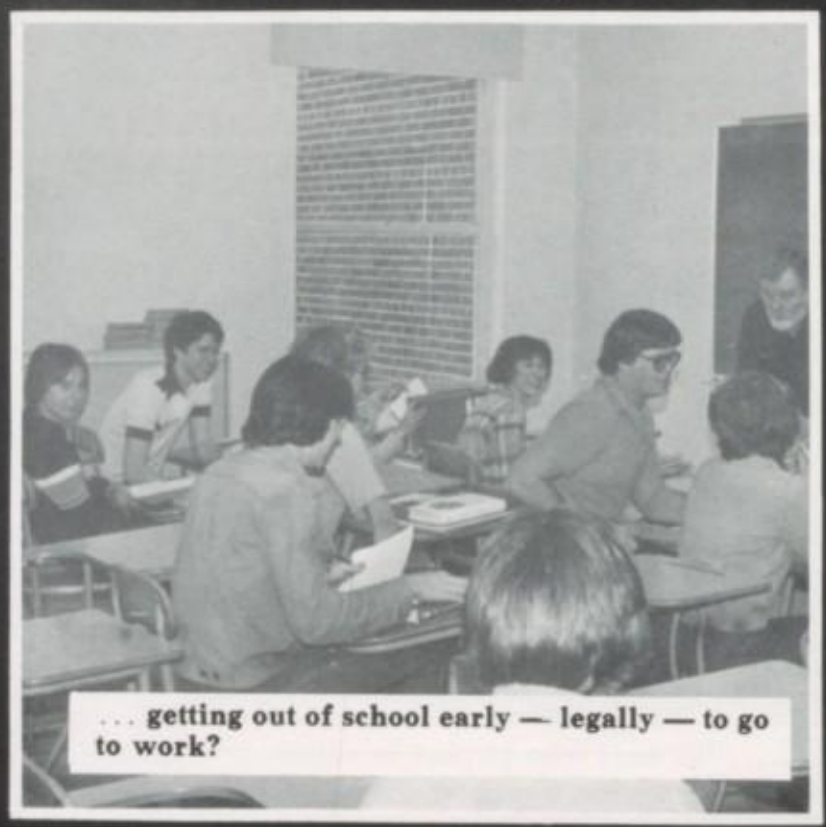
CLASS OFFICERS: Sec. Val Widoff; VP Jo Moore; Pres. Helen French; Advisor Chuck Little; Treas. Cathy Butenschoen.

... not having enough time to finish those art projects?

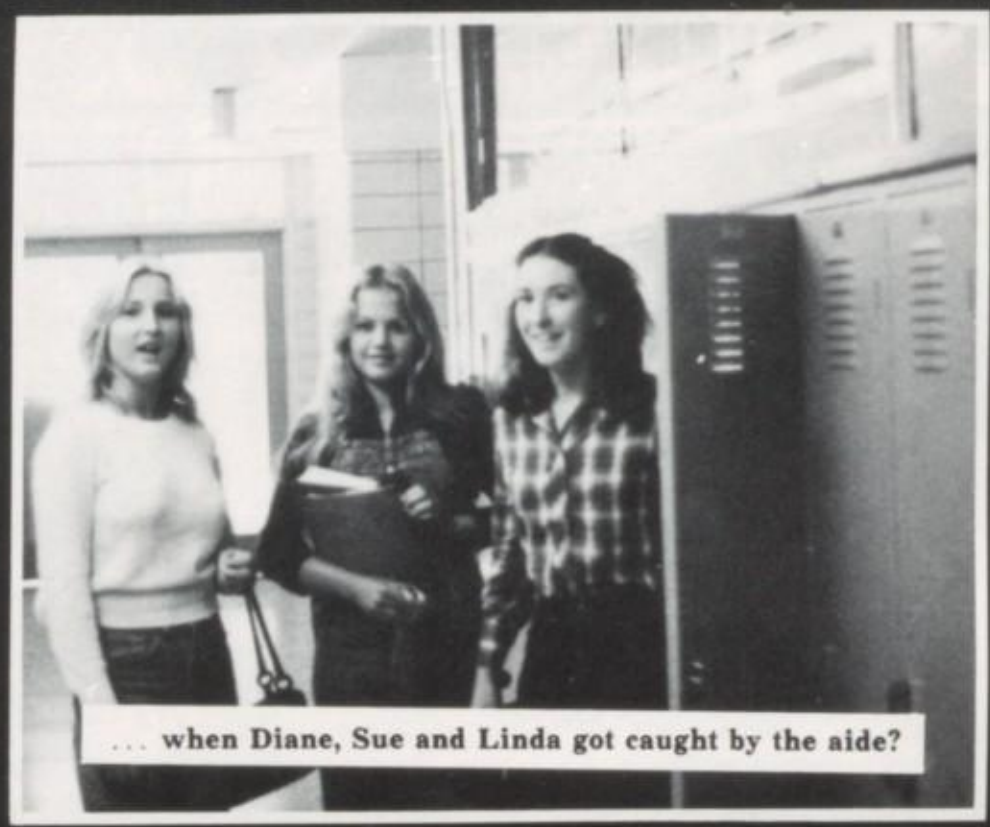


... the fun nights building the floats?

... those long, wasted hours in commons?



. . . getting out of school early — legally — to go to work?



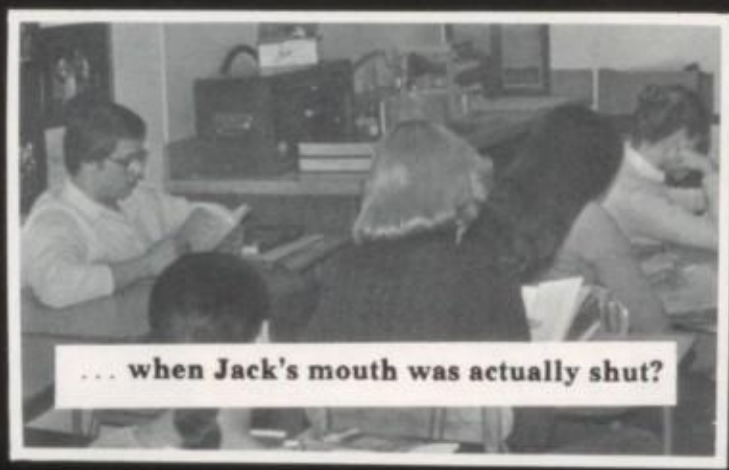
. . . when Diane, Sue and Linda got caught by the aide?

. . . when Ruth answered a question in Consumer Ed?

. . . when the Seniors did try to win?

. . . having time to sit back and relax?

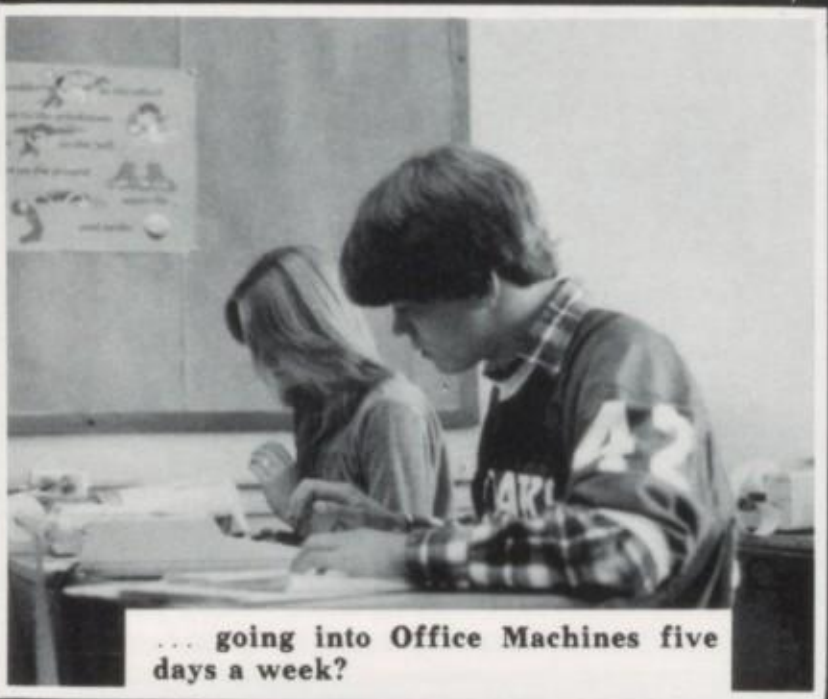
. . . those few restful moments before practice?



. . . when Jack's mouth was actually shut?

. . . that one day Scott wore a suit to school?

SENIORS, Do You Remember...



... going into Office Machines five days a week?

... the ones who worked in commons?

... getting more paint on yourself than on what you're painting?

... the one who showed us how to have spirit?

... the only time Jeff is not with Shelley?

... when Sue listened to your problems?

... really working on your project?

... when Chris and Ed were up for King and Queen?
